

North Carolina: Offshore Wind Energy, Oil, and Natural Gas Resources

The map at left shows offshore wind energy resources and the areas that have been considered for offshore oil & gas in the past.

- - Offshore wind resources as of Sep 2012 (in less than 40 m of water)
- Offshore oil & gas blocks considered by Mobil (1988), Chevron (1997) and Conoco (2000)

Sources: Wind: U.S. Dept. of Interior, BOEM NC state task force. Oil & Gas: NC Dept. Of Environment and Natural Resources, Division of Coastal Mgmt.
